

Sponsorship Opportunities

September 26th & 27th 2019

About DevOpsDays

The first DevOpsDays was held in Ghent, Belgium in 2009. Since then, DevOpsDays events have multiplied and expanded globally with over 60 events planned for 2019.

DevOpsDays is a worldwide series of community run technical conferences covering topics of software development, infrastructure operations, and the intersection between them. It is run by volunteers from the community, for the benefit of the community. We are not a commercial conference and we believe that our focus on serving the community creates a truly unique experience for both delegates and sponsors.

Join the community

DevOpsDays London is run as a single track of curated talks in the morning and in the afternoon we host self organized conversations. The self organized content is known as "open spaces". As a sponsor of DevOpsDays London you are encouraged to participate in the event. We want you to attend the talks and to take part in the open spaces - We want you to get involved!

Sponsoring DevOpsDays London will expose your brand to practitioners, managers, and executives from companies of all sizes and industries including retail, banking, manufacturing, medical technology, education, government, and consulting. By supporting DevOpsDays you will:

- Increase awareness of your brand with decision makers and practitioners at organisations large and small.
- Engage with new customers for your products and services.
- Discover what features and products potential customers may be looking for.
- Complement your current and future sales campaigns.
- Promote your vacancies to a community of practitioners.
- Enhance your profile within the DevOps, Cloud Native and SRE communities.

Location: DevOpsDays London will be returning to the QEII Centre in London.

Number of Delegates: This year we intend to sell over 400 tickets again.
