

 16TH ANNIVERSARY EVENT

DevOpsDayLA 2027

Sponsorship Opportunities

Friday, April 2, 2027

Pasadena Convention Center • Part of SCaLE 24x

Welcome to DevOpsDayLA 2027

2027 Theme: AI as a Boon, Not a Goon

16 Years of Community

For 16 years, DevOpsDayLA has been Southern California's premier conference focused on the human side of technology delivery. We bring together practitioners, engineers, and leaders who understand that great software isn't just about tools — it's about people working together effectively.

AI as a Boon, Not a Goon

AI keeps reshaping how teams deliver software. DevOpsDayLA 2027 frames AI as something practitioners can harness, exploring real guardrails around agentic workflows, spec-driven development, and the human judgment that still drives the work.

A Milestone Year

This 16th year is more than an anniversary — it's a testament to bringing together thoughtful practitioners who care about both technical excellence and human collaboration. Your sponsorship keeps that community authentic and valuable.

TL;DR — Why DevOpsDayLA 2027?

Celebrating 16 Years of Excellence

Southern California's only annual conference focused on DevOps practices, emphasizing collaboration between Development and Operations teams.

2027 FOCUS: AI AS A BOON, NOT A GOON

- Part of the Global DevOpsDays movement, sanctioned by the DevOpsDays global core team
- Co-located with SCaLE 24x — Southern California Linux Expo
- Volunteer-organized, human-centered, authentically focused on learning

EVENT DETAILS

- Friday, April 2, 2027 • 9:00 AM – 6:00 PM
- Pasadena Convention Center
- In-person + Livestream

Who's in the Room

Audience & Attendee Demographics

DevOpsDayLA 2027 will host over 400 attendees, including:

- Developers and Engineers from across the DevOps landscape
- Tech Leaders and Managers interested in DevOps transformations
- Operations Professionals looking to improve efficiency
- Students and New Professionals eager to enter the field
- Enthusiasts passionate about the latest DevOps practices and trends

Benefits of Sponsorship

Brand Recognition & Awareness

Your brand is identified as a contributor to our community, with promotional opportunities consistent with your sponsorship level.

Recruiting

DevOpsDayLA provides access to a concentrated talent pool across multiple technology disciplines and levels of experience.

Support Diversity in Technology

Diverse teams solve complex problems better and build more dynamic workplaces. Your partnership supports diversity across the industry.

Reach the Right Audience

REACH YOUR TARGET AUDIENCE

- High-quality leads: engineers and decision-makers actively seeking DevOps solutions
- Engaged community: attendees who value authentic learning and networking
- Geographic concentration: SoCal's dense technology ecosystem
- Industry diversity: from startups to Fortune 500 companies

COMMUNITY IMPACT

- Thought leadership: position as industry innovator
- Talent acquisition: connect with top DevOps professionals
- Brand awareness: reach practitioners through multiple channels

SUCCESS METRIC

81%

of 2026 sponsors chose Gold Level, demonstrating strong perceived value

Why Sponsors Return

Why Sponsors Return

- Quality over quantity: engaged, decision-making audience
- Authentic environment: community-focused, not vendor-heavy
- Professional execution: well-organized event experience
- Brand association: align with a respected community event
- High retention rate: sponsors return annually

2027 Growth Projections

- Target attendance: 400+
- Enhanced streaming: improved A/V quality
- Extended networking: more structured interaction time
- Industry focus: spec-driven development, agentic workflows with guardrails, token economics/FinOps, containers
- Deeper engagement: biweekly DevOps meetup opportunities year-round

The Sponsor Value Proposition

Brand Awareness & Recognition

Position your brand as a key contributor to the SoCal tech scene. Featured mentions during keynotes, logo placement on the event website, and social media promotion put you in front of key decision-makers.

Support Diversity in Technology

DevOpsDayLA strongly supports diversity in the tech community. Your sponsorship helps bring diverse voices to the table, ensuring the next generation of DevOps leaders is more inclusive.

Recruitment Opportunities

Access a talent pool of highly skilled professionals. Showcase job listings, conduct informal interviews, and engage attendees with a prominent "We're Hiring" sign and QR codes to open positions.

Engage with Thought Leaders

Send your technical team to interact with attendees, join Open Spaces discussions, and exchange ideas with DevOps practitioners at every level — technical engagement builds the most meaningful connections.

GOLD SPONSOR

\$4,000

FAQs

Do we get any sponsored talks?

No, but you're welcome to submit a talk proposal at devopsdays.org/events/2027-los-angeles/propose. All attendees, including sponsors, can propose Open Space topics as long as it's not a sales pitch.

Can we do a giveaway on stage?

Yes — collect your own entries (business cards, entry slips), and we'll give you a short slot on stage at the closing session. Just let us know.

Do we get contact info of attendees?

No. We protect attendee privacy to keep the quality of engagement high. You can gather info at your sponsor table from those who opt in.

Do you work with badge scanners?

Yes, badges have QR codes — but sponsors get the most value from engineers interacting directly with attendees rather than scanning badges. A raffle at your booth is the most effective option.
